

6.

At Magdalen College School 6th Form we are committed to providing educational and extra curricular opportunities that help our students make their next steps into university, higher level apprenticeships or gainful employment.

We offer 24 A level courses and many Leadership and Volunteering opportunities. It is expected that you will study 3 full A levels.

Please choose 4 A level subjects, rank them in order of preference (1-4). From this information we will do our best to accommodate 3 choices.

Art & Design: Fine Art		Economics	
Art & Design: Fashion & textiles		French	
Computer Science		Mathematics	
D&T: Product Design, 3D design		Further Maths	
Drama & Theatre studies		Music	
Business Studies		Philosophy & Ethics	
English Literature & Language		Physical Education	
English Literature		Psychology	
Geography		Biology	
German		Chemistry	
Health & Social Care		Physics	
History		Sociology	

7.

We also offer 2 further courses that stretch, challenge and extend our learners beyond the normal curriculum. The first is the **Extended Project** and the second is the **Magdalen College School Scholarship** that is run in partnership with Magdalen Oxford. Entry onto the MCS Scholarship is for a limited number of pupils. Please indicate your interests in either below by ticking the box(es):

Extended Project		Magdalen School Scholarship	
-------------------------	--	------------------------------------	--

8.

Parental & Student Declaration:

Please sign to say you are aware that the minimum entry requirements are 5 GCSE grades at a minimum of grade 4 including Maths and English and that certain subjects have specific requirements (Mathematics: grade 6 in GCSE mathematics, Further mathematics: at discretion of Head of Faculty, Sciences including psychology: grade 6 in two sciences, Physics – as above AND grade 6 in maths, MFLs: grade 6 in GCSE in target language). Final decisions to run courses are subject to minimum/maximum student numbers.
